

LABS
COMMUNICATION & COMMUNICATING DEVICES
IT SECURITY & CYBER SECURITY

INFORMATION AND ADVICE

University of Bonn
Institute of Computer Science 4

Prof. Dr. Peter Martini
Prof. Dr. Michael Meier

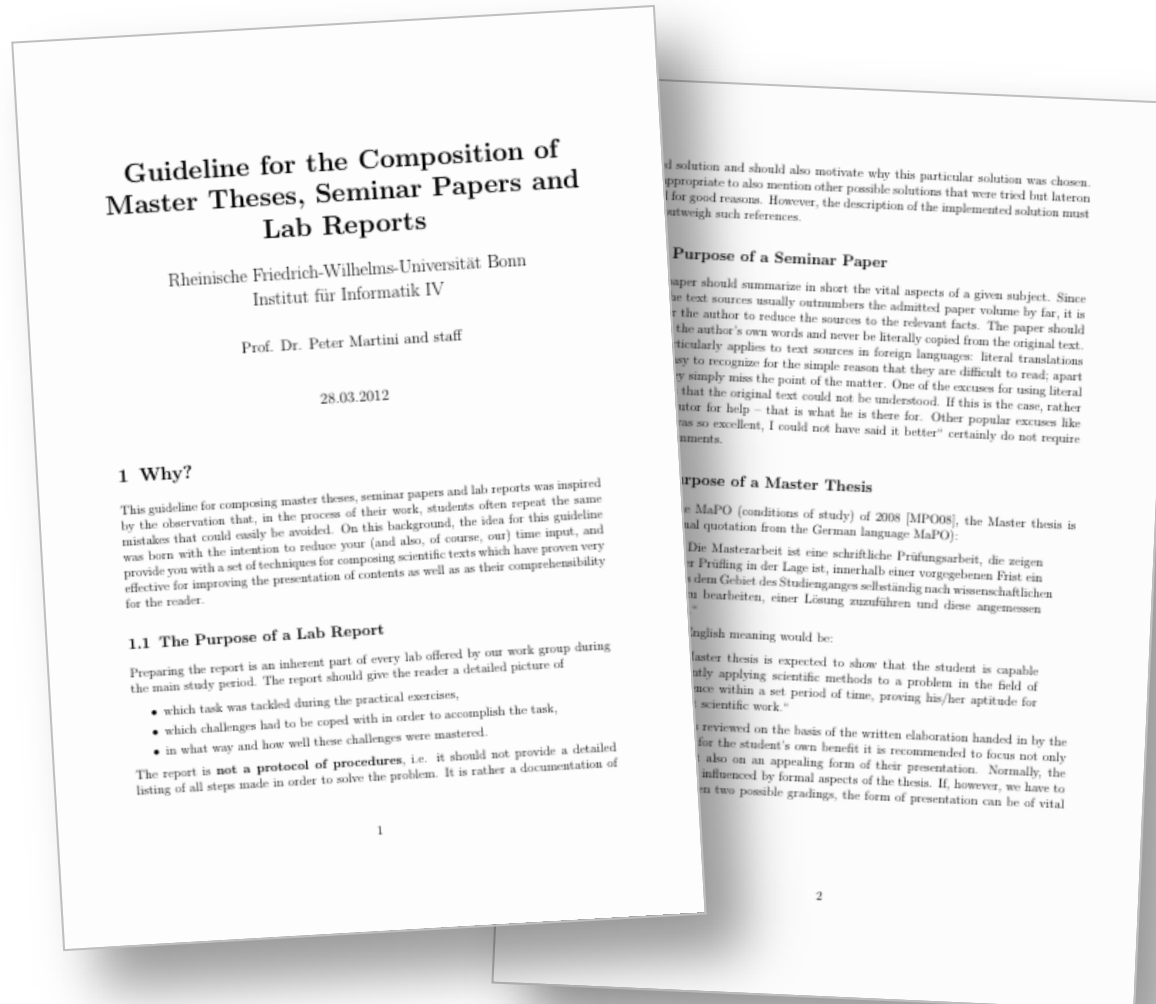

Summer term 2025

GOALS OF A LAB

- Register in BASIS before April 30th for one of the following modules:
 - Lab Communication & Communicating Devices: MA-INF 3304
 - Lab IT Security: MA-INF 3229
 - Lab Cyber Security: MA-INF 3245
- Get familiar with a topic within a limited time frame.
- Work scientific and practical.
- Prepare a written report of 5-10 pages and, if required, a SW documentation.
 - Have a look at the Seminar's Guidelines.
- Submit your work to your supervisor until **September 21st 2025**.
 - If there is no different agreement, the final submission is done via email to your supervisor
- Prepare a presentation of your work, ideally including a demo.
- Present your work in a presentation (oral exam) of ~30 minutes: Time (Sept. 25th, 2025) and place (most likely this room).
